Appointments are still strongly encouraged, but walk-ins are welcome. New students who need placement testing must have completed the required enrollment coaching session first and will be scheduled accordingly for testing by the enrollment coach.

Remote Proctored Testing: For students who have access to a computer with webcam and Wi-Fi, and prefer to test from home, we will continue to offer remote placement and course testing by appointment, proctored by our Testing Center Aides via Zoom. Enrollment coaches from Student Services will continue to schedule new students for placement testing as part of the enrollment coaching meeting. Students enrolled for the spring 2022 semester who wish to utilize testing services to complete course testing remotely can make an appointment by calling the Testing Center at 410-334-2843 or emailing testingctr@worwic.edu.

Course Testing: Faculty who wish to utilize testing services will let their students know when spring 2022 course tests become active and what the deadline is for completion which will be strictly followed by the Testing Center. As per normal procedure, Faculty will still email the Testing Center a Test Administration Request Form (TARF) with the necessary test information and a course roster. A separate email will be sent to faculty in this regard as a reminder of the process and copy of the necessary forms for the spring 2022 semester.
